- Closing circle – what do I see myself learning next?

Session 11: Coming Off ORT – The lived experience share (group member)

(2 hours)

- Share round What this group has meant to me
- Tea Break
- Endings – what I have appreciated about other group members- Each group members name is on a sheet of paper and we walk round the room adding qualities and appreciations of what we have seen of that person.
- Closing group circle. We each read out the appreciation sheet for someone else in the group and give it to them.

Session 12: Graduation

(2 hours)

Create a simple graduation ceremony for those who have completed the group

Glossary

Lived Experience Share - a person who has successfully completed their ORT detox and is living in recovery shares how they did it from their own perspective. Shares speak uninterrupted for ten minutes.

Group Sharing Round the Room - everyone in group, that wants to, has a couple of minutes (amount depending on numbers and time) each to express –without being interrupted, their personal response to the question asked.

Closing Group Circle - each group member has opportunity to speak for a minute (amount depending on numbers and time)

Resources

The resources needed for this group work programme are available free and have been listed in the session plans. You can find them on the SRC website under resources www.scottishrecoveryconsortium.org.
